

Overdrive eBooks for iPhone, iPad & iPod Touch

Step 1 - Create an Adobe Account at www.adobe.com.

You will be required to authorize your iPhone/iPad using your Adobe Account ID. For many portable devices it is important that the email address used for the Adobe ID matches the address associated with the device

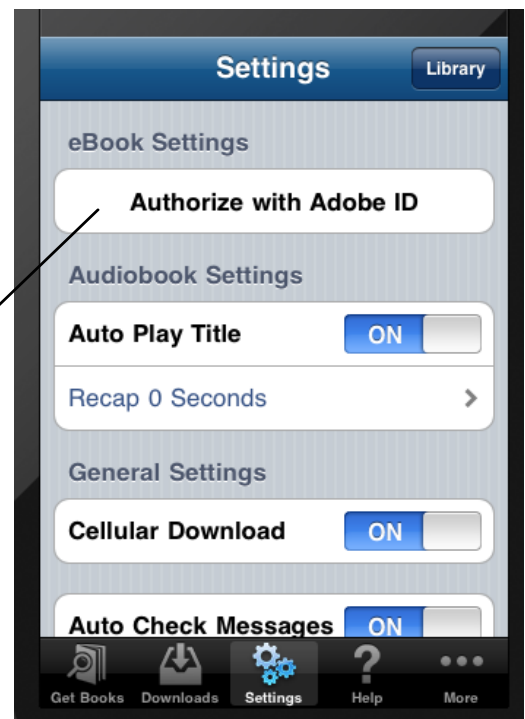

Step 2 - Install OverDrive Media Console from the App Store using your device

If you've already been using OverDrive Media Console for audiobooks make sure you have the most recent version installed in order to access eBooks.

Step 3 - Authorize iPhone/iPad with Adobe ID

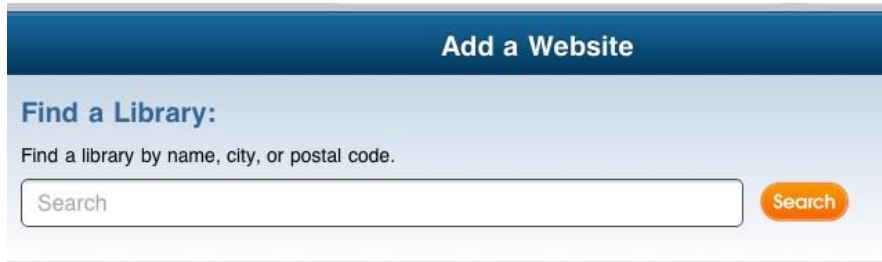

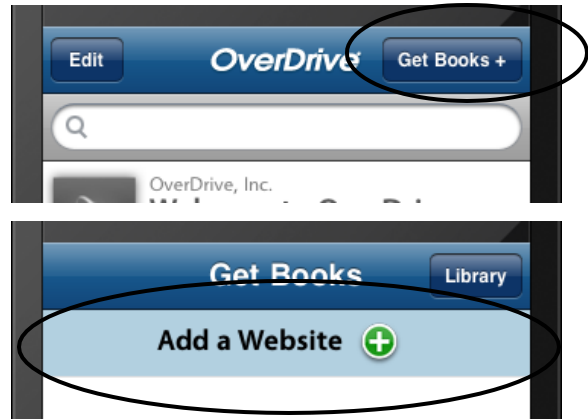

After installing OverDrive Media Console authorize the device by selecting **Settings** and entering your Adobe ID and password

Step 4 - Access Archbold Community Library's OverDrive eBook collection

In order to access ebooks available through the Archbold Community Library you will need to "add" the Library by:

- Selecting **Get Books +**
- Click **Add a Website**
- Search for "Archbold Community Library" using **Find a Library**
